PUBLIC WORKS

**WATER/SEWER ORDINANCE
DESCRIPTIONS**

The audit noted that according to the Water rates ordinance, there is a business not being charged as a commercial consumer. Research was done and a committee meeting held, but the city attorney wanted this information brought in front of the entire council. The Water rates only state rates for rates within the city and Commercial Water rates. In the Sewer rates it is defined by the size of the meter. After a lengthy discussion, motion was made by Cathcard, seconded by Atkin to have the City Attorney draft an amendment to the current Water rates including the definitions that are included in the Sewer rates. Motion carried unanimously.
